Human Geography: A Concise Introduction (Short Introductions to Geography) By Mark Boyle

Using the story of the “West and the world” as its backdrop, this book provides for beginning students a clear and concise introduction to Human Geography, including its key concepts, seminal thinkers and their theories, contemporary debates, and celebrated case studies.

- Introduces and applies the basic concepts of human geography in clear, concise, and engaging prose
- Explores the significance of the rise, reign, and faltering of the West from around the fifteenth century in the shaping of the key demographic, environmental, social, economic, political, and cultural processes active in the world today
- Addresses important thinkers, debates, and theories in an accessible manner with a focus on discerning the inherent Western bias in human geographical ideas
- Incorporates case studies that explore human geographies which are being made in both Western and non Western regions, including Latin America, Africa and Asia.
- Is written so as to be accessible to students and contains chapter learning objectives, checklists of key ideas, chapter essay questions, zoom in boxes, guidance for further reading and a book glossary.
- Accompanied by a website at www.wiley.com/go/boyle featuring, for students, tutorial exercises, bonus zoom in boxes, links to further learning resources and biographies of key thinkers, and for instructors, further essay questions, multiple choice exam questions, and ppt lecture slides for each chapter.

Editorial Review

Review

“Overall, Boyle provides a concise and strongly organized book for the introductory university student. His many years of teaching and learning the subject are demonstrated in this book being accessible, engaging, and insightful. While it emphasizes the Western perspective (Boyle argues his rationale on p. xxiii), any teacher needing just such a concise foundational text would do well to consider this one.” (*The Canadian Geographer, Le Géographe canadien*, 1 October 2015)

Review

An excellent textbook for introductory courses in Human Geography. The thematic and historical organization is a most welcome change from the usual subdisciplinary frameworks.

Professor Patricia Wood, York University, Toronto

In this textbook, Mark Boyle combines his broad and deep understanding of the discipline of Human Geography with his great passion and enthusiasm for education and teaching. With the undergraduate student in mind, he has delivered a concise yet complete overview of what Human Geography is all about. Students who want to grasp the contemporary global political turmoil have to read this introduction to Human Geography.

Professor Guy Baeten, Lund University

From the Back Cover

Using the story of the rise and faltering of the West as its backdrop, this book provides for beginning students a clear and concise introduction to Human Geography, including its key concepts, seminal thinkers and their theories, contemporary debates, and celebrated case studies.

Mark Boyle, a respected academic with more than 20 years' of experience researching and teaching the subject, explores the significance of the ascendance and degeneration of the West since the fifteenth century in the shaping of the key demographic, environmental, social, economic, political, and cultural processes active in the world today. He documents important thinkers, debates, and theories in an accessible manner, with a focus on discerning the inherent Western bias in these ideas. Also incorporated are case studies examining the ways in which geographical processes operate in non-Western societies, including those in Asia, the Middle East, and South America.

The book is armed with array of pedagogical resources including learning objectives, essay questions, key ideas, and a glossary. A website at www.wiley.com/go/boyle (available on publication) includes chapter-by-chapter PowerPoint slides for instructors, alongside time-saving quizzes, questions, resources, and podcasts for students.

Users Review

From reader reviews:

Amelia Brown:

What do you ponder on book? It is just for students since they are still students or this for all people in the world, exactly what the best subject for that?
