Matthew Arnold: The Complete Poems (Annotated) By Matthew Arnold

- Includes an essay placing Arnold's poetry within the context of his life and times

Matthew Arnold (1822-1888) was known for a dazzling array of intellectual achievements, including cultural criticism and educational reform. However, critics have come to recognise him as one of the three greatest poets of the Victorian era, alongside Tennyson and Robert Browning. His classic "Dover Beach" is often seen as the first great work of literary modernism.

Lexicos Books is proud to present, for the first time in ebook format, the definitive edition of Arnold's complete poems. Originally published in a three-volume paper edition, it has been meticulously edited and formatted for Kindle. It includes an active table of contents and is fully searchable.
