SAP HR Personal Administration and Recruitment: Technical reference and learning guide, 2/E By P.K. Agrawal

This book is a help book and a reference guide to help the users of SAP HR Personnel Administration to learn how the software works and how it is used to synchronize HR activities. This book teaches the SAP user how the values are being denoted in a particular field, and what is the resultant of selecting a particular value. This book can be used in two ways – as a learning guide and as a technical reference. When the book is used as a learning guide it covers the topics in several iterations. As a technical reference, this book provides references, apart from the table of contents and index. It also gives the relevant material by using SAP Menu (ECC 6.0) and SAP Customizing Implementation Guide (ECC 6.0).

This book meant for the users of SAP, business process owners and senior managers of companies, who have either implemented or are in the process of or planning to implement the system.
