Sociology of Families: Change, Continuity, and Diversity By Teresa Ciabattari

The family patterns seen in recent decades—cohabitation, divorce, nonmarital childbearing, same-sex marriage and childrearing—can seem like radical changes from the past. But upon closer examination, many are consistent with broader trends that have been going on for centuries. **Sociology of Families: Change, Continuity, and Diversity** considers this tension between change and continuity, situating families in a social, historical, and economic context, and emphasizing how these contexts create family diversity and inequality. By incorporating diverse family structures into each chapter, author Teresa Ciabattari has written a text that challenges idealized assumptions about how families should be, and instead explores the complex realities of how families actually are.

Editorial Review

Review

"[Sociology of Families] covers the major topics, and does so in a way that consistently addresses the theme of family continuity and change. The writing style should engage students in a kind of conversation with the author." -- Liza L. Kuecker "[Sociology of Families] is concise, easy to read, and has some great supporting evidence and/or examples. [. . .] There is more focus than in most books on social variation by class, race, and gender." -- Chris Wienke "I like the way [Sociology of Families] powerfully historicizes the concept of the family and actually illustrates many of the myths about contemporary families, while also showing what is distinct about the 21st century family." -- Roland Mitchell "The integration of issues of race, class, gender and sexuality into each chapter, rather than focusing on them in separate chapters is a strength [of Sociology of Families]. Students need to see how race, class, gender and sexuality influence everything, and by repeatedly referring to these issues in each chapter it will reinforce their importance." -- Tracey A. LaPierre

Review

"The integration of issues of race, class, gender and sexuality into each chapter, rather than focusing on them in separate chapters is a strength [of *Sociology of Families*]. Students need to see how race, class, gender and sexuality influence everything, and by repeatedly referring to these issues in each chapter it will reinforce their importance."

(Tracey A. LaPierre 2013-12-16)

"I like the way [*Sociology of Families*] powerfully historicizes the concept of the family and actually illustrates many of the myths about contemporary families, while also showing what is distinct about the 21st century family."

(Roland Mitchell 2015-10-15)

"[*Sociology of Families*] is concise, easy to read, and has some great supporting evidence and/or examples. [. . .] There is more focus than in most books on social variation by class, race, and gender."

(Chris Wienke 2015-10-13)

"[*Sociology of Families*] covers the major topics, and does so in a way that consistently addresses the theme of family continuity and change. The writing style should engage students in a kind of conversation with the author."

(Liza L. Kuecker 2015-10-15)

About the Author

Teresa Ciabattari is an Associate Professor of Sociology at Pacific Lutheran University. After earning her undergraduate degree in sociology at Santa Clara University, she went on to earn a Ph.D. in Sociology at the University of Washington. As a scholar of family sociology, she has published articles on cohabitation, single mothers, and household labor. She is also a scholar of teaching and learning, publishing and presenting on topics including teaching writing to sociology majors, using quantitative data in the classroom, and assessment of student learning. She regularly teaches courses on the sociology of family, research methods, statistics, and gender.

Users Review
