Riveting and romantic, *Undone: An Unraveling Novella* contains three short stories set in the world of *Unraveling*, the first book in the gripping sci-fi duology by Elizabeth Norris.

Editorial Review

About the Author

Elizabeth Norris briefly taught high school English and history before trading the southern California beaches and sunshine for Manhattan's recent snowpocalyptic winter.

She harbors dangerous addictions to guacamole, red velvet cupcakes, sushi, and Argo Tea, fortunately not all together.

Her debut series is the story of one girl's fight to save her family, her world, and the one boy she never saw coming. *UNDONE* is her first attempt at writing from a male POV, and thankfully it was easier than she expected.
