Questions And Answers In Coordination Chemistry By Dr Taghreed Hashim Al-Noor, Dr Omar Hamad AL-Obaidi

This book is a new and unique as there is no library Iraqi or Arab book similar to him to fit on a problems unresolved and questions covering all fields of coordination chemistry. And a modest contribution from us in raising the education process in Iraq for the purpose of catching evolution scientific world is witnessing in all fields, especially Chemistry. The main objective of this book is the actual application of the principles of coordination chemistry through problems and their solutions clear and convinced the full need student in the colleges of education and science in Iraqi universities to like this book through actual practice and experience in teaching because joins it students from difficulties in finding the right solutions. We have tried as much as possible in the development of these issues would be comprehensive vocabulary assessed by the Ministry of Higher Education and Scientific Research, taking into account the inclusion of the faculties of education and science together in order to achieve the desired benefit for our students in each. The rule book arranged unresolved issues and taken from sources referred to in the book and we believe that this is the best way to guide students toward literature. At the same time, we have tried very hard to avoid complexity, confounding the student and wasting his time and effort. As we will be thankful and we welcome any initiative from all who will use this book and show their proposals to develop it or any criticism of its disadvantages, if any, and we appreciate all constructive cooperation in order to avoid all the errors.
