rock By Anyta Sunday

Igneous. When Cooper's parents divorce, he finds himself landed in Week About—one week with his mum and one week with his dad. Only, it's not just his dad he has to live with. There's Lila, too: The other woman, the one who stole the rock-solid foundation of his life. And then . . . There's Jace. Lila's son. Lila's smug, regurgitated-fish-scale-blue eyed son. All Cooper wants is to have his family back the way it once was, but there's something about this boy that promises things will never be the same again. Sedimentary. Resisting the realities of his new life, Cooper and Jace get off to a rocky start. But rocky start or not, after hundreds of shared memories together, they forge something new. A close . . . friendship. Because friendship is all they can have. Although it's not like they are real brothers. . . Metamorphic. But how does that friendship evolve under the pressures of life? Under pressures of the heart?

Editorial Review

Users Review

From reader reviews:

Stephen Ziegler:

Reading a book to become new life style in this yr; every people loves to go through a book. When you examine a book you can get a large amount of benefit. When you read publications, you can improve your knowledge, since book has a lot of information upon it. The information that you will get depend on what kinds of book that you have read. If you wish to get information about your research, you can read education books, but if you act like you want to entertain yourself you can read a fiction books, such us novel, comics, along with soon. The rock will give you new experience in reading a book.

Angel Huitt:

Many people spending their time frame by playing outside having friends, fun activity using family or just watching TV the entire day. You can have new activity to shell out your whole day by looking at a book. Ugh, ya think reading a book can definitely hard because you have to use the book everywhere? It fine you can have the e-book, having everywhere you want in your Touch screen phone. Like rock which is having the e-book version. So , why not try out this book? Let's see.

Charles Payne:

Do you like reading a e-book? Confuse to looking for your selected book? Or your book had been rare? Why so many concern for the book? But virtually any people feel that they enjoy for reading. Some people likes examining, not only science book and also novel and rock or even others sources were given knowledge for you. After you know how the good a book, you feel wish to read more and more. Science e-book was created for teacher or students especially. Those publications are helping them to put their knowledge. In additional case, beside science guide, any other book likes rock to make your spare time much more colorful. Many types of book like this.

Robin Norfleet:

A lot of people said that they feel bored when they reading a publication. They are directly felt the item when they get a half parts of the book. You can choose the book rock to make your own reading is interesting. Your skill of reading proficiency is developing when you similar to reading. Try to choose easy book to make you enjoy to study it and mingle the feeling about book and examining especially. It is to be initial opinion for you to like to wide open a book and study it. Beside that the book rock can to be a newly purchased friend when you're experience alone and confuse with the information must you're doing of their time.
