Editorial Review

From School Library Journal

Grade 3–5—Cleary provides brief definitions of similes and metaphors, offers roughly 15 examples of each one, and explains how they are used. Large pen-and-ink illustrations feature cartoon cats rendered in bold, vibrant colors. The style is fun and inviting. The text, which appears in an oversize, whimsical font, is spare, ranging from 9 to 15 words per page. Large pictures and uneven placement of the text keeps the tone playful. Students will enjoy the unstructured, fluid layout, which reads more like a picture book than a language primer. Norton Juster's *As: A Surfeit of Similes* (HarperCollins, 1989) is more comprehensive; it includes nearly 200 examples. Marvin Terban's *It Figures!: Fun Figures of Speech* (Clarion, 1993) covers similes and metaphors as well as four other figures of speech. Overall, Cleary's book is a pleasing introduction for young writers.—*June Shimonishi, Torrance Public Library, CA*

From the Inside Flap

Rhyming text and illustrations of comical cats explain the differences between similes and metaphors and give an abundance of examples, from **"busy as a bee"** (a simile) to **"you are my sunshine"** (a metaphor).
