Understand the « real » French

If you simply stick to the formal vocabulary you are taught on your French course, you will have a hard time understanding native-speakers. This eBook will help you to progress in everyday French, the kind you can hear on the street, movies and radio.

Impress your French-speaking friends

Get a more intensive conversational level that rises above the banal by using some well-chosen slang. Your friends will be impressed by your level of French and will consequently speak to you in a more natural way.

Fun book in itself

This book contains some curse words and « interesting » expressions used by the French. I am sure you will have a good laugh while learning some of them.

The only French Slang Ebook with MP3

Free Mp3 download in 2 versions: French tracks only and French/English Translation tracks. You can not only learn slang by reading but also through listening, and know how to pronounce them in the right way. **Learn on the go**

Continual up-to-date slang

Slang is ever-evolving, and terms can grow outdated quickly. The main book has selected the most consistent terms you can hear throughout the years, but, as a bonus , I have created a list of contemporary French terms. This short eBook (around 200 slang expressions) gets regularly updated with new expressions that appear in media (example: YouTube).

New! Never misuse a slang again

I also annotate slang when they are offensive and/or very common. So you will know when you should use a slang or not.
