## **The Nature of the English Revolution** By John Morrill

John Morrill has been at the forefront of modern attempts to explain the origins, nature and consequences of the English Revolution. These twenty essays -- seven either specially written or reproduced from generally inaccessible sources -- illustrate the main scholarly debates to which he has so richly contributed: the tension between national and provincial politics; the idea of the English Revolution as "the last of the European Wars of Religion"; its British dimension; and its political sociology. Taken together, they offer a remarkably coherent account of the period as a whole.

## Editorial Review

Review

*'This indispensable collection justifies itself; these twenty pieces can be read as signposts to the evolution of the historiography in this period as much as for their compelling scholarship'*

*The Times Literary Supplement*

## Users Review

From reader reviews:

**Elnora Perry:**

Why don't make it to be your habit? Right now, try to ready your time to do the important work, like looking for your favorite e-book and reading a publication.
