Forensic Psychology: A Guide to Practice By G.H. Gudjonsson, L.R.C. Haward

Forensic Psychology explains the history and application of the discipline. It details the various kinds of psychologist involved in the field, the sort of evidence each might produce, and how it can be applied. The authors cover topics such as:

- * offender profiling
- * psychometric testing
- * expert testimony
- * psychological autopsy
- * polygraph testing
- * professional and ethical problems
- * training needs

A handy reference tool and a practical guide, *Forensic Psychology* is essential reading for forensic psychologists, clinical psychologists, lawyers and professionals who need to understand the nature and application of psychological evidence in judicial proceedings.

Editorial Review

Review

"Forensic Psychology is the first practical and fully comprehensive guide to the practice of forensic psychology...The authors' cover a variety of topics such as surveys into court psychology, ethical and professional issues, the roles of the forensic psychologist, psychological testing, psycholinguistic techniques, evidence and civil cases, evidence and criminal cases, offender profiling, psychometric testing, expert testimony, psychological autopsy and polygraph testing, and considers issues such as professional and ethical problems, and the need for training."

-Crime and Justice International

Users Review

From reader reviews:

Roger Sowa:

This book entitled Forensic Psychology: A Guide to Practice to be one of several books in which best seller in this year, honestly, that is because when you read this guide you can get a lot of benefit on it. You will easily to buy that book in the book shop or you can order it by using online. The publisher on this book sells the e-book too. It makes you quicker to read this book, as you can read this book in your Mobile phone. So there is no reason for you to past this e-book from your list.

Emma Patterson:

Typically the book Forensic Psychology: A Guide to Practice will bring someone to the new experience of reading the book. The author style to describe the idea is very unique. When you try to find new book to read, this book very suited to you. The book Forensic Psychology: A Guide to Practice is much recommended to you to see. You can also get the e-book from the official web site, so you can easier to read the book.

Gregorio Leslie:

Playing with family in a very park, coming to see the coastal world or hanging out with good friends is thing that usually you will have done when you have spare time, then why you don't try issue that really opposite from that. One particular activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition of knowledge. Even you love Forensic Psychology: A Guide to Practice, you are able to enjoy both. It is excellent combination right, you still want to miss it? What kind of hang type is it? Oh can happen its mind hangout people. What? Still don't understand it, oh come on its referred to as reading friends.

Francisco London:

This Forensic Psychology: A Guide to Practice is great e-book for you because the content that is full of information for you who also always deal with world and have to make decision every minute. This book reveal it facts accurately using great manage word or we can say no rambling sentences within it. So if you are read this hurriedly you can have whole info in it. Doesn't mean it only gives you straight forward sentences but tricky core information with wonderful delivering sentences. Having Forensic Psychology: A Guide to Practice in your hand like keeping the world in your arm, details in it is not ridiculous 1. We can say that no e-book that offer you world inside ten or fifteen minute right but this guide already do that. So , this can be good reading book. Heya Mr. and Mrs. occupied do you still doubt this?
