Greenwitch By Susan Cooper

"AND THOSE WHO ARE CROSSED, OR BARREN, OR WHO WOULD MAKE ANY WISH, MUST TOUCH THE GREENWITCH"

The Dark has stolen an object of great power -- a golden grail that holds a vital secret. Will embarks on a new quest to reclaim the grail, and to drive back the Dark once again. But first he will need the help of three former grail seekers: Jane, Simon, and Barney Drew.

Learning to work together, they must take back the grail and retrieve the missing manuscript that unlocks its mystical secret. But the manuscript is located at the bottom of the sea, and their only hope of obtaining both grail and script is entangled in the mysterious ritual of the Greenwich....

Editorial Review

From School Library Journal

Grades 4-7--In this third book in Susan Cooper's Dark Is Rising sequence (McElderry, 1985), Simon, Jane, and Barney return to Cornwall with their Uncle Merry after learning that the grail they had found in *Over Sea, Under Stone* (Harcourt, 1966) has been stolen from the British Museum. Will Stanton and his American uncle come to Cornwall as well, and initially there is some tension between the children. The locals are preparing for a celebration in which the women fashion a being from sticks and leaves and toss it into the sea. Jane's kindness wins the favor of this mystical effigy and it yields its secret the manuscript that will make it possible to decipher the writing on the grail. Although the grail has been stolen by the Dark, it is found and the writing proves to be the prophetic rhyme whose words will be fulfilled in the next books. The story requires some knowledge of the previous books, and only becomes complete after reading the subsequent books. This exciting and beautifully written story is filled with magic and mystery. It is unfortunate that the man who stole the grail identifies himself as part Romany, or Gypsy, thus reinforcing a negative stereotype. Alec Jennings does a superb job of reading this tale, as he has done with the first two books in the series. His expression and pacing suit the story well, and he is at ease with Cornish names and words. There are two places where editing cuts words short: when Merry tells the children to "look it up" it sounds like "crit up," and when the thief tells Barney to "open the box" it sounds like "pen the box." These quibbles aside, the technical quality is excellent. Libraries in which this series is popular will want this recording if they are buying the others in the sequence. Otherwise, *The Dark Is Rising* (Aug. 1999, p. 68) and *The Grey King* (Oct. 2001, p. 89) are more vital purchases.

Review

"When most people hear 'large-print book,' they immediately think senior citizen. But large-print editions of popular children's books -- from the powerhouse *Harry Potter* series to timeless classics like *The Adventures of Tom Sawyer* -- are now making their way onto the shelves of the Children's Department at the Canton Library. . . . Although large-print editions are targeted to the visually-impaired or dyslexic child, they can also be used by standard-vision readers. So Kershner [Children's librarian at the Canton Public Library] has decided against creating a special section in the Children's Department (as exists in the Adult Department) opting instead to intersperse large-print books on the shelves with the regular print versions of the same titles."

-- *The Observer and Eccentric* (October 2000) (*The Observer and Eccentric* 20001001)

"Thorndike Press has helped me not only find books I want to read, but they also look like regular books. That's important when you're a kid and you can only read Large Print, you want your book to look like all the other books. I'm reading a lot more now that we have found Thorndike Press."

-- Jim Bernardin, Islamorada, FL

"Everyone loves to read, there's nothing like curling up with a good book. We're a reading family, so when our son was diagnosed with Stargardt's Disease and only able to read Large Print, it was particularly difficult. Books on tape are wonderful but they don't fill the void of actually reading a good story. Large Print books have been around a long time for older people, but to find a good novel for a young person in Large Print began to feel nearly impossible. The books that Thorndike Press publishes have truly made a difference in my son's reading life. He can enjoy current novels as well as some of the classics that he missed reading when it became too difficult with regular print."

-- Sara Bernardin, Islamorada, FL

"Susan Cooper is one of the few contemporary writers who . . . create the kind of sweeping conflict between good and evil that lies at the heart of all great fantasy."

-- *Psychology Today*

From the Publisher

Simon, Jane and Barney, enlisted by their mysterious great uncle, arrive in a small coastal town to help recover a priceless golden grail stolen by the forces of evil, the Dark. They are not at first aware of the strange powers of another boy brought to help, Will Stanton -- nor of the sinister significance of the Greenwich, an image of leaves and branches that for centuries has been cast into the sea for good luck in fishing and harvest.

Their search for the grail sets into motion a series of disturbing, sometimes dangerous events that, at their climax, bring forth a gift that, for a time at least, will keep the Dark from rising.

Users Review

From reader reviews:

Jeffrey Lockwood:

Here thing why that Greenwich are different and dependable to be yours. First of all studying a book is good nevertheless it depends in the content than it which is the content is as delightful as food or not. Greenwich giving you information deeper including different ways, you can find any guide out there but there is no guide that similar with Greenwich. It gives you thrill reading journey, its open up your eyes about the thing this happened in the world which is perhaps can be happened around you. You can actually bring everywhere like in playground, café, or even in your means home by train. Should you be having difficulties in bringing the printed book maybe the form of Greenwich in e-book can be your substitute.

Robert Riggio:

This Greenwich are usually reliable for you who want to become a successful person, why. The key reason why of this Greenwich can be among the great books you must have is actually giving you more than just simple examining food but feed you with information that possibly will shock your before knowledge. This book is usually handy, you can bring it just about everywhere and whenever your conditions at e-book and printed ones. Beside that this Greenwich giving you an enormous of experience such as rich vocabulary, giving you test of critical thinking that we realize it useful in your day exercise. So , let's have it and luxuriate in reading.

Brenda Carey:

The particular book Greenwich will bring you to the new experience of reading a new book. The author style to elucidate the idea is very unique. Should you try to find new book to read, this book very suited to you. The book Greenwich is much recommended to you to learn. You can also get the e-book through the official web site, so you can quickly to read the book.

Lorenzo Lowe:

As a university student exactly feel bored to be able to reading. If their teacher inquired them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's internal or real their passion. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that looking at is not important, boring and also can't see colorful images on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Greenwich can make you truly feel more interested to read.
