### **The Vietnam War 1956–1975 (Guide to...)** By Andrew Wiest

The Vietnam War was arguably the most important event, or series of events, of the "American Century." America entered the brutal conflict certain of its Cold War doctrines and certain of its moral mission to save the world from the advance of communism. As this book explains, however, the war was not at all what the United States expected. Outnumbered and outgunned the North Vietnamese and Viet Cong forces resorted to a guerrilla war based on the theories of Mao Zedong of China. This was war reduced to its most basic level - find the enemy and kill him.

## **Editorial Review**

### **Review**

"I am most favorably impressed by the Essential Histories series on the American Civil War. Written by four of the best historians of the military course of the war, these volumes provide a lucid and concise narrative of the campaigns in both the Eastern and Western theaters as well as penetrating analyses of strategies and leadership. Ideal for classroom use or fireside reading."

### **From the Publisher**

This unique series studies every major war in history looking at all the aspects of war, from how it felt to be a soldier to the lasting impact of the conflict on the world around it.
