A Dark Place By Quintin Peterson

There's a fine line between the genres of crime and horror fiction and there are stories that walk the tightrope of that thin line, like a trapeze artist walking the high wire without a net, teetering precariously high above the roaring crowd. Then again there are some crime stories that are also horror stories, the stuff that nightmares are made of. *A Dark Place* is one of them...

A Dark Place is the horrific story of a loathsome serial killer and the disconcerted homicide detective tasked to track him down, told by someone who knows police work and how it affects the psyche over time. The hunter and the hunted, each in his own way, have descended into darkness.
