For women, attraction is not a choice. If women could choose who they were attracted to, then they wouldn't continually end up with the same emotionally vacant douchebags, who treat them poorly, drink too much, all while managing to still live in their mom's basement. Most of these "chick magnets" are clueless as to how or why they attract women. It's something they just do. While on the other hand, there are guys out there who appear to be doing everything right — they get up and go to work every morning, they're respectful towards women (and people in general), they're smart, funny — but they have the worst luck with the ladies. The reason for this discrepancy boils down to one thing: the reality of physical attraction for women. Most men have trouble understanding that a woman's way of perceiving male physical attraction is completely unlike a man's perception of female physical attraction. This book will help you understand and master the science of female physical attraction so you can be a chick magnet too.

Here Is A Preview Of What You'll Learn...

- How Physical Attraction Works for Women
- You Don't Need Money and You Don't Need Fame
- How to Make Her Want You
- Building a Strong Connection
