**Romantic. Funny. And filled with great twists that you'll love.**

*"Marrying a total stranger? I'd rather eat seafood for the rest of my life."*

What happens when two complete strangers are thrown into an arranged marriage they don't want? All hell breaks loose.

Ivory Hiddleberg, born to a long line of entrepreneurs, is in a sticky situation. As the first girl born in the family for over five generations, she was expected to do one thing: to marry into the influential Quartz family.

To honour an age-old deal made by her great-great grandfather, she was set to marry Darius Quartz, CEO of a multi-billion company. Deadly handsome but cold as ice, she knew he could never give her the happiness she deserves. But with parents hell-bent on making the deal a reality in hopes of preventing competition between their businesses, they couldn't do anything.

So marry him she did.

Six months later, Ivory finds herself bored to death. With her stranger of a husband gone for business training abroad, nothing much has changed. That is, until Darius returns.

Add Ivory's cheating ex-boyfriend, her hilariously loyal best friend, and Darius' insane cousin to the picture, and her life just becomes more interesting than attending her French lessons.

Will she come through? Will they ever learn to accept their relationship? Will love come after marriage?

*Loved loved loved Dairy and Aluminum!!! At first thought the marriage was archaic and forced but OMG did it work out. Great love story. It was great seeing how they ended up in love after being forced into a marriage of convenience. Definitely left me wanting more!*

## **Editorial Review**

### **Review**

Few authors are able to convey a mix of emotions at once in their writing. Seldom do we find books where we can cry and laugh and feel all the things that the characters go through. And when we find that book, we are hooked. Just like Marriage by Law, a poignant story that's going to change your mind about forced marriages. Makes you want to wish (crazily) that somehow, your great-grandparents promised your hand in marriage to another person who turns out to be the exact opposite of who you want to be with for the rest of your life. And just like Ivory and Darius, you end up falling for each other. This book is worth every cent you'll pay for it. It was enjoyable to read and imagine the things that Ivory went through, to laugh like crazy at Adrian's antics, and fall in love with the mysterious and cold Darius. This book is one journey that will take you from Ivory's boring life (at first) to one where a forced marriage can actually end up in love.

This book was amazing, it made me feel like I was there all the time. The time frame was great, slow, you fall in love while they do. I love how the main hero isn't like cliché guys throwing punches just to show how strong he is, very few time he takes on a fight which makes it even more amazing.

The best thing about this book was definitely the nicknames they had. Brilliant
