Superman: Reign of the Supermen By Dan Jurgens, Karl Kesel, Jerry Ordway, Louise Simonson, Roger Stern

SUPERMAN IS DEAD.

But now, four mysterious beings appear--all with the powers and abilities of the Man of Steel! One claims he is a clone from the DNA of Superman. Another--half-man and half-machine--says he is Superman with a cyborg body. Still another, a cold redeemer of justice, states that he alone has the right to wear the "S" shield. And, finally, an armored figure who says he fights with the heart and soul of Superman.

Who is the true Superman?

DAN JURGENS (SUPERMAN: LOIS & CLARK), **KARL KESEL** (SUPERBOY), **JERRY ORDWAY** (ADVENTURES OF SUPERMAN), **LOUISE SIMONSON** (SUPERMAN: THE MAN OF STEEL) and **ROGER STERN** (ACTION COMICS) introduce four new Supermen to the DC Universe. The third of four volumes chronicling the epic saga of the Death and Return of Superman, collecting ACTION COMICS #687-688, ADVENTURES OF SUPERMAN #500-502, SUPERMAN #78-79, SUPERMAN ANNUAL #5, SUPERMAN: THE MAN OF STEEL #22-23 and SUPERMAN: THE MAN OF STEEL ANNUAL #2!

Editorial Review

Review

"The other 'Replacement Supermen' have gone down in myth and all, but while all of that was going on there was an un-praised, hardly-noticed-at-all, Fifth Replacement Superman on the rise in the form of **Bibbo Bibbowski**. The thing that set Bibbo apart from the others was that he was the only truly normal man to try to fill Superman's shoes -- he wasn't a cyborg, or a super-powered clone, a Kryptonian war machine, and even Steel was an engineering genius -- no, Bibbo couldn't do much at all really, but he believed in enough in what Superman stood for to go out and try anyway. That's the whole essence of what works like Grant Morrison's *All-Star Superman* are *trying* to distill about what Superman means -- that we could *all* be Superman, if we only tried. It's perhaps the second cleanest, most pure, message in the entire event." -- *Elvis Dutan*

Praise for THE DEATH OF SUPERMAN:

"The tragedy proved to be a massive hit, receiving significant national news coverage and selling millions upon millions of copies. Spanning several different Superman titles, the arc was a blockbuster in every sense of the word... the final fight between Superman and Doomsday is a knock-out brawl for the ages."--PASTE MAGAZINE

"An epic and carefully constructed narrative."--BLOODY DISGUSTING

"Both in the universe and outside of it, DC toyed with the idea of a culture that had come to take the Man of Steel for granted. This was a time when heroes were getting darker and more extreme in their methods, and the style of the era didn't seem to allow for a character like Superman to keep his relevance. By removing Superman from the equation, we - and the characters in the DCU - learned how important Superman was as an icon, and his return was all the more impactful. This storyline brought the real and fictional universes together in a stirring realization of just how much Superman means to our culture."--IGN

About the Author

Dan Jurgens is a writer and artist most famous for creating Booster Gold as well as for being one of the main forces behind "The Death of Superman." He has written and/or illustrated titles such as JUSTICE LEAGUE AMERICA, *Captain America*, *The Sensational Spider-Man*, *Thor*, TEEN TITANS, AQUAMAN, DC's Tangent imprint, and the DC crossover known as ZERO HOUR.

Karl Kesel loves his job far more than he has any right to. Over the past 25 years he has written, inked, and occasionally penciled most of the major comics publishers' major characters -- including Superman, Superboy, Spider-Man, Fantastic Four, and Captain America -- although he has an inexplicable fondness for minor, obscure characters no one else remembers.

Jerry Ordway has been writing, drawing, and painting comic books professionally since 1980 - specifically on such titles as ALL-STAR SQUADRON, CRISIS ON INFINITE EARTHS, SUPERMAN, POWER OF SHAZAM, *WildStar*, *Fantastic Four*, *Avengers*, *Tom Strong*, WONDER WOMAN, *The Messenger*, and *Proton*.

Louise Simonson began her career in comics as an editor for Warren Publications, and went on to work at both Marvel Comics and DC, where she garnered acclaim for her writing on *X-Factor*, *Power Pack*, *New Mutants*, *SUPERMAN: MAN OF STEEL*, *STEEL*, and *WORLD OF WARCRAFT*. She is the author of the graphic novel *Snow White and the Seven Robots*.

Roger Stern has written for radio, television, the stage, and the Internet, creating scripts for everything from sketch comedy to flash-animation. For ten years, he was the senior writer of the Superman series, and has written hundreds of stories about such diverse characters as Green Lantern, Supergirl, Starman, and the Justice League for DC Comics; and Spider-Man, Captain America, the Incredible Hulk, and the Avengers for Marvel. His first prose novel, *The Death and Life of Superman*, was a New York Times bestseller.

Users Review

From reader reviews:

Archie Moriarty:

Book is to be different for each and every grade. Book for children until eventually adult are different content. We all know that that book is very important normally. The book *Superman: Reign of the Supermen* ended up being making you to know about other expertise and of course you can take more information. It is very advantages for you.
