The Enemy Inside: A Paul Madriani Novel (Paul Madriani Novels Book 13)

By Steve Martini

Defending an innocent young man, defense attorney Paul Madriani uncovers a morass of corruption and greed that leads to the highest levels of political power in this electrifying tale of suspense from *New York Times* bestselling author Steve Martini.

One of the most successful lawyers in the country, Olinda Serna is a master at managing money as well as her influential clients. After years of fierce combat in the political trenches, Serna knows all the dirty secrets, where the bodies are buried, and how deeply they are stacked. When she's killed in a roadside crash in the high desert of Southern California, powerful heads in Washington begin to panic, worried that their secrets may not be safe anymore.

Alex Ives, a friend of Paul Madriani's daughter, is accused of vehicular manslaughter in Serna's death. Ives claims he had only one drink on the night of the accident, yet he can't remember anything between the time he left for a party north of San Diego and the moment he woke up in a hospital the next morning. He's still dazed and a little bruised, but also obviously very afraid. After all, a woman is dead, and he's sure he didn't kill her.

To save an innocent young man's life, the brilliant defense attorney must uncover everything he can about Serna and her clients—no matter how unsavory—a search that will lead him into a vortex of corruption, and at its center, a devious killer poised to strike again.

From the Back Cover

In this riveting new novel in the *New York Times* bestselling series, defense attorney Paul Madriani uncovers a morass of double-dealing and murder that leads him to the very highest levels of American political power

When a friend, Alex Ives, is implicated in a deadly motor collision on a deserted Southern California highway, Paul Madriani joins a case as tangled as any he's ever taken. Alex swears he had only one drink the night of the crash, but he also can't remember the events of the evening beyond the fact that he was to meet a sexy, mysterious woman at an elegant house party. The next morning he woke up in the hospital in police custody, charged with drunk driving and manslaughter. When Paul discovers that Alex knew the deceased, a connected, hard-charging Washington, D.C., lawyer named Olinda Serna, Madriani realizes the potential penalties for his client could include a death sentence.

Across the country in Washington, D.C., attorney Cletus Proffit learns that his law firm nemesis, Ms. Serna, has died in California. Proffit knows that Serna protected dangerous secrets involving players moving in the highest reaches of national politics, and he will go to any lengths to ensure that that knowledge has died with her. Senator Maya Grimes also hears of the fatal crash, and begins crafting her own web of deceit to suffocate anything that might come back to bite her. In the meantime, a vicious, highly effective

mercenary—a woman whose calling card is the ability to kill her victims in horrifying, utterly untraceable accidents—begins to panic when she gets word of Serna's death in Southern California and the manner in which it occurred.

Now the only way to save a young man from imprisonment is for Madriani, his partner, Harry Hinds, and investigator Herman Diggs to uncover the corruption and dark deeds that surround Ms. Serna's friends and find her killer—before he or she can strike again.
