The Last Mortal Bond: Chronicle of the Unhewn Throne, Book III By Brian Staveley

The trilogy that began with *The Emperor's Blades* and continued in *The Providence of Fire* reaches its epic conclusion, as war engulfs the Annurian Empire in Brian Staveley's *The Last Mortal Bond*

The ancient csestriim are back to finish their purge of humanity; armies march against the capital; leaches, solitary beings who draw power from the natural world to fuel their extraordinary abilities, maneuver on all sides to affect the outcome of the war; and capricious gods walk the earth in human guise with agendas of their own.

But the three imperial siblings at the heart of it all--Valyn, Adare, and Kaden--come to understand that even if they survive the holocaust unleashed on their world, there may be no reconciling their conflicting visions of the future.
