

V for Vendetta

By Alan Moore, David Lloyd

V for Vendetta By Alan Moore, David Lloyd

V for Vendetta is, like its author's later Watchmen, a landmark in comic-book writing. Alan Moore has led the field in intelligent, politically astute (if slightly paranoid), complex adult comic-book writing since the early 1980s. He began V back in 1981 and it constituted one of his first attempts (along with the criminally neglected but equally superb Miracleman) at writing an ongoing series. It is 1998 (which was the future back then!) and a Fascist government has taken over the U.K. The only blot on its particular landscape is a lone terrorist who is systematically killing all the government personnel associated with a now destroyed secret concentration camp. Codename V is out for vengeance ... and an awful lot more. V feels slightly dated like all past premonitions do. The original series was black and white and that added to the grittiness of the feel while the coloring here in the graphic novel sometimes blurs David Lloyd's fine drawing. But these are small concerns. Skillfully plotted, V is an essential read for all those who love comics and the freedom, as a medium, they allow a writer as skilled as Moore. --Mark Thwaite

V for Vendetta is, like its author's later Watchmen, a landmark in comic-book writing. Alan Moore has led the field in intelligent, politically astute (if slightly paranoid), complex adult comic-book writing since the early 1980s. He began V back in 1981 and it constituted one of his first attempts (along with the criminally neglected but equally superb Miracleman) at writing an ongoing series. It is 1998 (which was the future back then!) and a Fascist government has taken over the U.K. The only blot on its particular landscape is a lone terrorist who is systematically killing all the government personnel associated with a now destroyed secret concentration camp. Codename V is out for vengeance ... and an awful lot more. V feels slightly dated like all past premonitions do. The original series was black and white and that added to the grittiness of the feel while the coloring here in the graphic novel sometimes blurs David Lloyd's fine drawing. But these are small concerns. Skillfully plotted, V is an essential read for all those who love comics and the freedom, as a medium, they allow a writer as skilled as Moore. --Mark Thwaite

From School Library Journal

Grade 9 Up—The date is November 5th, 1997. War has ravaged England, entire races have been eradicated, the entire British populace is under constant surveillance, and the absolute power is absolutely corrupt. On this historic day, a man with a strong resemblance to Guy Fawkes (in action and dress) blows up Parliament. The bomber, a masked character named V, saves a girl named Eve from a violent crime and takes her under his wing. Moore's dystopian, fascist version of England, ruled by one central leader and his sects (named after parts of the body, such as Finger, Nose, and Voice), is systematically dismantled by the enigmatic V. Readers must ultimately decide if V is a mad anarchist/terrorist or a freedom-fighting avenger for good. Originally published in 1989, V has been reissued as a hardcover book with never-seen-before sketches and two new vignettes. This story is slated to be released as a major motion picture in 2006, and demand should intensify as the movie trailers come out. Combining alternate history with moral questions about freedom and identity, this book would work well in a school setting; and while there is some slight nudity and violence, they fit well within the framework of the story.—Jennifer Feigelman, Plattekill Public Library, Modena, NY
