Bed of Bones (Sloane Monroe Series) By Cheryl Bradshaw

Sometimes even the deepest, darkest secrets find their way to the surface... Summer 1956 Thirteen-year-old Willie Compton and his younger brother Leonard stumble upon a mine shaft while hiking the hills of Park City, Utah. The shaft is unsealed, abandoned. While Leonard stares at the hole in wonderment, a Slinky he's been flipping back and forth between his hands slithers through his fingers, tumbling toward the mouth of the shaft. Leonard bolts forward, reaches out to grab it, but he slips, then he falls. Present Day Up-and-coming filmmaker Melody Sinclair stirs in her chair, nervously awaiting the debut of her film at the Sundance Film Festival. Based on a true story, Bed of Bones tells a tale of murder, shining a big, bold light on Park City's tragic past. A past that's about to revisit the present.
