From Publishers Weekly

Fifteen tales vividly chronicle a Dominican family's exile in the Bronx, focusing on the four Garcia daughters' rebellion against their immigrant elders.

From School Library Journal

YA-- This sensitive story of four sisters who must adjust to life in America after having to flee from the Dominican Republic is told through a series of episodes beginning in adulthood, when their lives have been shaped by U. S. mores, and moving backwards to their wealthy childhood on the island. Adapting to American life is difficult and causes embarrassment when friends meet their parents, anger as they are bullied and called "spics," and identity confusion following summer trips to the family compound in the Dominican Republic. These interconnected vignettes of family life, resilience, and love are skillfully intertwined and offer young adults a perspective on immigration and families as well as a look at America through Hispanic eyes. This unique coming-of-age tale is a feast of stories that will enchant and captivate readers.

From Library Journal

This rollicking, highly original first novel tells the story (in reverse chronological order) of four sisters and their family, as they become Americanized after fleeing the Dominican Republic in the 1960s. A family of privilege in the police state they leave, the Garcias experience understandable readjustment problems in the United States, particularly old world patriarch Papi. The sisters fare better but grow up conscious, like all immigrants, of living in two worlds. There is no straightforward plot; rather, vignettes (often exquisite short stories in their own right) featuring one or more of the sisters--Carle, Sandi, Yolanda, and Fifi--at various stages of growing up are strung together in a smooth, readable story. Alvarez is a gifted, evocative storyteller of promise.
