Editorial Review

Review

A great reference for both law firm and in-house personnel... This book provides fundamental insights into the latest practices in legal pricing and project management --Keith Maziarek, Senior Project Manager, Strategic Initiatives, DLA Piper LLP (US)

A great resource... As an office managing partner, I found myself saying over and over again, _____ *would really benefit from this chapter.* --William A. Nolan, Managing Partner, Columbus Office, Barnes & Thornburg

Jim's book is a true testament to the changing legal landscape supported by numerous case studies and facts representative of firms in various stages of their LPM maturity. For an industry historically known for asking, *What is everyone else doing?* this book answers that question and ignites a sense of urgency for lawyers and law firms to pay attention to the drum beat of the cultural transformation taking place within the legal industry. To ignore the advice and advances laid out in this book regarding LPM and pricing would be a significant oversight by the reader. --Kim Craig, Director of Legal Project Management Office, Seyfarth Shaw LLP
