### Washed in the Blood By Shelton, L. Williams

Washed in the Blood is a page-turning read about the time--early 1960s--and place--Odessa, Texas--during its rowdy oil boom days when violence often rode the range. It is at once an examination of local mores and foibles, piety and hypocrisy and an inside-look at the famed 'Kiss and Kill' murder of a 17-year old would-be actress, Betty Jean Williams, whose ghost is said to haunt the Odessa High School campus to this very day. And it is a courtroom saga starring the late trial super-lawyer, Warren Burnett, along with a verdict that some think stood the blind Goddess of Justice on her head. What Shelton Williams has wrought here is worth both your time and your money. Larry L. King, author, The Best Little Whorehouse in Texas

### Editorial Review

#### Review

Williams' gripping account of the death of his cousin is the stuff of great literature. Except it's tragically real. -- Gary Cartwright, senior editor, *Texas Monthly*

a page-turning, crackling read about... the 'Kiss and Kill' murder of a 17-year-old -- Larry L. King, author, *The Best Little Whorehouse in Texas*

hypnotic, eerie, a spine-tingling murder mystery and also a haunting memoir ... I was hooked by the first page -- Buzz Bissinger, author, *Friday Night Lights*

#### About the Author

SHELTON WILLIAMS grew up in Odessa, left there to attend the University of Texas, then on to John Hopkins University where he earned his MA and Ph.D. in Political Science/International Studies. Since 1970 he has been on the faculty at Austin College in Sherman, Texas.

Shelly has written extensively on nuclear weapons, Model UN as a teaching tool and international affairs generally. In 2003, however, he turned his love of writing to the story that set him on his path to leave West Texas. His cousin, Betty Jean Williams, died in 1961 and the trial of the boy who killed her became a celebrated- and still remembered- case in West Texas lore. It was a story he had to tell and ironically writing it brought him back to Odessa and back to the community he had once rejected. *Washed in The Blood* is the result of his efforts and it is Shelly's vehicle for rediscovering that rich and fascinating place known as West Texas. Find out for yourself that West Texas is more than oil, Roy Orbison and *Friday Night Lights*. Much, much more.

### Users Review

#### From reader reviews:

#### Stephanie Rodriguez:

In this era globalization it is important to someone to acquire information. The information will make professionals understand the condition of the world. The condition of the world makes the information better to share. You can find a lot of personal references to get information example: internet, classifieds, book, and soon.
