Windows PowerShell for Developers By Douglas Finke

Want to perform programming tasks better, faster, simpler, and make them repeatable? Take a deep dive into Windows PowerShell and discover what this distributed automation platform can do. Whether you're a .NET developer or IT pro, this practical guide will show you how PowerShell's scripting language can help you be more productive on everyday tasks.

Updated for PowerShell 5.0, this book will walk through the key technological additions to PowerShell over the last three versions. You'll quickly learn how to create PowerShell scripts and embed them into your existing applications, write "little languages" to solve specific problems, and take charge of your code. This book includes example scripts that you can easily pull apart, tweak, and then use in your own PowerShell and .NET solutions.

Users Review

From reader reviews:

Candy Yazzie:

In this 21st hundred years, people become competitive in most way. By being competitive at this point, people have do something to make these people survives, being in the middle of the actual crowded place and notice by surrounding. One thing that occasionally many people have underestimated the idea for a while is reading. That's why, by reading a guide your ability to survive enhance then having chance to remain than other is high. For yourself who want to start reading the book, we give you that Windows PowerShell for Developers book as nice and daily reading book. Why, because this book is more than just a book.

Roger Lee:

As people who live in the actual modest era should be upgrade about what going on or data even knowledge to make these people keep up with the era that is certainly always change and make progress. Some of you maybe will certainly update themselves by studying books. It is a good choice in your case but the problems coming to you is you don't know which one you should start with. This Windows PowerShell for Developers is our recommendation to cause you to keep up with the world. Why, because this book serves what you want and wish in this era.

Andrew Murphy:

You could spend your free time you just read this book this book. This Windows PowerShell for Developers is simple to develop you can read it in the recreation area, in the beach, train and soon. If you did not get much space to bring typically the printed book, you can buy the e-book. It is make you better to read it. You can save typically the book in your smart phone. Consequently there are a lot of benefits that you will get when one buys this book.

Laura McCallum:

Many people spending their time period by playing outside with friends, fun activity having family or just watching TV all day long. You can have new activity to spend your whole day by reading through a book. Ugh, do you think reading a book really can hard because you have to take the book everywhere? It all right you can have the e-book, taking everywhere you want in your Mobile phone. Like Windows PowerShell for Developers which is obtaining the e-book version. So , try out this book? Let's see.
