Coercion By Tim Tigner

The phone rings and the offer is made, leaving you only seconds to decide. Betray your country, or watch your family drop dead before your eyes.

After the Iron Curtain's collapse, Russia appears to be finished as a superpower. But KGB general Vasily Karpov is secretly working to restore Russia's status by forcing Americans into traitorous acts of espionage and sabotage, with the aid of a new secret weapon. Meanwhile, his biggest target is within Russia, where Karpov is plotting to capture the Kremlin for himself.

Former US soldier and spy Alex Ferris becomes the first to fathom Karpov's grand plans. Racing from San Francisco to Siberia, Alex must elude ambushes, assassins, and death from exposure as he wages a one-man war against a growing global threat and the resurgence of the Soviets.

On the eve of Perestroika while investigating his brother's death, Alex Ferris stumbles onto a KGB General's diabolic scheme to regain Russia's superpower status. After assembling bizarre clues and uncovering tormented victims, Alex flies from San Francisco to Siberia to find the men behind the savage acts of COERCION.

In the midst of that frozen landscape and those tumultuous times, the former CIA operative survives infiltration, interrogation, and assassination only to learn that he and the woman he comes to love are being manipulated as part of a much grander scheme where nothing short of the global balance of power is at stake.

"AN ENTERTAINING THRILLER ... with well-paced action, appealing characters and snappy writing."

—*Kirkus (starred review)*

Written by a former Green Beret and Soviet Counterintelligence Specialist, *COERCION* combines the pulse and plot of a Ludlum global conspiracy with the characters and intrigue of a Follett historical drama.
