If I could only use one word to describe Dream Weaver by Su Williams it would be SUPERB. Luckily I get to use more than one. Dream Weaver is an unusual tale, part fantasy, part paranormal, part romance, part horror and part supernatural. When you roll all those genres into one you have a book you can't put down. I started reading this book yesterday afternoon and finished it around 3 this morning. I'm usually a very fast reader but I found I wanted to read slowly to savor the exquisite moments of pleasure this book offers.

I loved this book..I was captivated by the characters..I was drawn in and had a hard time putting the book down..I can't wait until the rest of the series so I can find out what happens. :)

From the Author

Dream Weaver was born from my imaginations of creating my own 'Edward Cullen' after reading the Twilight Saga. Before he even had a name, Nick would whisper in my ear at work and make me smile. The Onar Caphar (Dream Weavers) evolved over time and I learned what special abilities they would have as I wrote more and more of the story. Emari Sweet came from a doodle of names one night. I knew I wanted my protagonist's last name to be Sweet, but I didn't want her to have anything sappy, or sugary. Then somehow, Emari Jewel Sweet came out of the mix.

Nick's backstory is true. There's a grave marker in the local cemetery that has drawn since I was a teen. So much so that I went to the cemetery office and scoured the old tomes to find out her story. And Nickolas was named from the granite headstone right beside the one I visit on regular basis. I've actually wandered the rows and rows of tombstones to find unique names for other characters. Ivy, Emari's best friend, is a variation of friend of mine...her name is Heather. Jesse was based on a young man who worked with me. He was always upbeat and optimistic, and he always sang 'Run Around Su' when he saw me. Sabre James was a derivation of a guy named Tabor...and James came from Jesse James the notorious bank robber. And Eddyson....well, it tells you in the book where that came from.

The second book in the Dream Weaver Trilogy is entitled Rock Star and is in its editing phase now. I'm still formulating my thoughts on the final book, Private Eye.

About the Author

I confess...I'm a bit of a dork, with a quirky and sometimes dark personality, though not as dark as some. I love nature and the outdoors, and love to photograph them. Pictures of normal things taken from abnormal angles are one of my favorites. One of my photos has been published in the political humor book Red Dog/Blue Dog by Chuck Sambuchino. Legally, my name is Susan Barton, but I write under the pen name Su Williams (my maiden name). I am a 48 year old mother of 4, Sarah, Josiah, Jack and Aundraic. I'm married to Ben and we have 2 cats, a garden snake, a crested gecko named Reid (like in Criminal Minds) and a beagle, Dyson (yes like the vacuum) who is my favorite teddy puppy. I was born in Little Rock, AK. My daddy was military and my parents finally decided that Spokane, WA was the place for us and this is where I've lived since I was about 10. I always wrote special poems for family birthdays, and began to write short stories in Jr. High. Many years later after a self-esteem building program of hypnosis, and reading Twilight, I was inspired. I said, "I could do that." So I did. Dream Weaver has been 4 years in the making, as I've learned the ins and outs of the literary process. That is an ongoing endeavor. Who knew how much research went into writing a novel? Not me. I'm learning everything from SEO (search engine optimization) and promotion to drafting a great query letter and how to do it yourself on sites like Create Space. My goal is to get Dream Weaver into the hands of people who will love Emari, Nick, Eddyson, Sabre, Ivy and Jesse as much as I do. Dream Weaver is the first of 3 planned novels. The second is called Rock Star in which Emari lives the life of a rock star and discovers that Nick is really not who he claims to be. Finally, in Private Eye, Emari will team up with Officer Molly to solve some of Spokane's open and cold cases and will unveil the truth behind the crash that killed Emari's parents.
