### **Editorial Review**

#### Review

"Praise for the first editions... ..much more than the title suggests--this is knowledge....as close to the state-of-the-art as one can hope to come.... ..The balance between completeness and readability is quite well struck....the most useful results are available right there in the book." ---Tappi Journal, 1985

### **Users Review**

#### **From reader reviews:**

##### **Norman Williams:**

Here thing why this specific Handbook of Physical Testing of Paper: Volume 1, Second Edition, are different and trustworthy to be yours.
