Essentials of Correctional Nursing From Brand: Springer Publishing Company

Essentials of Correctional Nursing is the first new and comprehensive text about this growing field to be published in the last decade. Fortunately, the editors have done a great job in all respects...This book should be required reading for all medical practitioners and administrators working in jails or prisons. It certainly belongs on the shelf of every nurse, physician, ancillary healthcare professional and corrections administrator."--**Corhealth (The Newsletter of the American Correctional Health Services Association)**

I highly recommend *Essentials of Correctional Nursing*, by Lorry Schoenly, PhD, RN, CCHP-RN and Catherine M. Knox, MN, RN, CCHP-RN, editors. This long-awaited book, dedicated to the professional specialty of correctional nursing, is not just a "good read," it is one of "those books" that stays on your desk and may never make it to the bookshelf."--**American Jails**

Correctional nursing has minimal published texts to support, educate, and provide ongoing best practices in this specialty. Schoenly and Knox have successfully met those needs with *Essentials of Correctional Nursing*."--**Journal of Correctional Health Care**

Nurses have been described as the backbone of correctional health care. Yet the complex challenges of caring for this disenfranchised population are many. Ethical dilemmas around issues of patient privacy and self-determination abound, and the ability to adhere to the central tenet of nursing, the concept of caring, is often compromised. *Essentials of Correctional Nursing* supports correctional nurses by providing a comprehensive body of current, evidence-based knowledge about the best practices to deliver optimal nursing care to this population. It describes how nurses can apply their knowledge and skills to assess the full range of health conditions presented by incarcerated individuals and determine the urgency and priority of requisite care. The book describes the unique health needs and corresponding care for juveniles, women, and individuals at the end of life. Chapters are devoted to nursing care for patients with chronic disease, infectious disease, mental illness, or pain, or who are in withdrawal from drugs or alcohol. Chapters addressing health screening, medical emergencies, sick call, and dental care describe how nurses identify, respond to, and manage these health care concerns in the correctional setting.

The Essentials of Correctional Nursing was written and reviewed by experienced correctional nurses with thousands of hours of experience. American Nurses Association standards are woven throughout the text, which provide the information needed by nurses studying for certification exams in correctional nursing. The text will also be of value to nurses working in such settings as emergency departments, specialty clinics, hospitals, psychiatric treatment units, community health clinics, substance abuse treatment programs, and long-term care settings, where they may encounter patients who are currently or have previously been incarcerated.

Key Features:

- Addresses legal and ethical issues surrounding correctional nursing
- Covers common inmate-patient health care concerns and diseases
- Discusses the unique health needs of juveniles, women, and individuals at the end of life
- Describes how nurses can safely navigate the correctional environment to create a therapeutic alliance with patients
- Provides information about health screening, medical emergencies, sick call, and dental care
- Serves as a core resource in the preparation for correctional nursing certification exams

Serves as a core resource in the preparation for correctional nursing certification exams "

About the Author

Lorry Schoenly, PhD, CCHP-RN, has over 25 years of experience in nursing and health care education and management, with current specialization in corrections. She was a leading member of the taskforce that launched the new CCHP-RN certification, the primary nursing specialty certification for correctional nurses, and frequent contributing writer to the National Commission on Correctional Health Care (NCCHC). Her blog (CorrectionalNurse.net) represents the current state of correctional nursing. Previous experience in correctional nursing includes Clinical Education Manager, Correctional Medical Services (CMS), now Corizon, a company providing ambulatory, chronic and emergency health care to 250,000 individuals incarcerated in 280 jails and prisons in 24 states, and Director, Staff Development CMS, NJ Region, with responsibility for creating and implementing in-service and continuing education for physicians, nurses, dentists and ancillary healthcare staff for a 14-unit state prison system. Currently, she is a visiting professor at Chamberlain School of Nursing while managing a private consulting business in correctional health care risk management and professional development. She has published 14 peer reviewed articles and several chapters in nursing books. ||Catherine M. Knox, RN, MN, CCHP-RN, has over 2 decades of experience in

correctional health care. She is an independent consultant with nursing and leadership experience in the Oregon Department of Corrections and as statewide Director of Nursing for the Washington Department of Corrections, and Assistant Statewide Chief Nurse Executive for the California Prison Health Care Services. Catherine has a master's degree in psychiatric mental health nursing and has both administrative and clinical experience in this field. She is a recipient of the "Distinguished Service Award" from the American Correctional Health Services Association (ACHSA) and the "Bernard Harrison Award of Merit" from the NCCHC. She has published several articles in peer reviewed journals and presents frequently in the US.

Users Review

From reader reviews:

Bobby McCabe:

This Essentials of Correctional Nursing book is absolutely not ordinary book, you have after that it the world is in your hands. The benefit you have by reading this book is actually information inside this guide incredible fresh, you will get information which is getting deeper a person read a lot of information you will get. That Essentials of Correctional Nursing without we know teach the one who looking at it become critical in thinking and analyzing. Don't be worry Essentials of Correctional Nursing can bring whenever you are and not make your case space or bookshelves' become full because you can have it with your lovely laptop even telephone. This Essentials of Correctional Nursing having good arrangement in word in addition to layout, so you will not truly feel uninterested in reading.

Myrtle McDonald:

The reserve untitled Essentials of Correctional Nursing is the guide that recommended to you you just read. You can see the quality of the publication content that will be shown to an individual. The language that creator use to explained their way of doing something is easily to understand. The copy writer was did a lot of exploration when write the book, so the information that they share to your account is absolutely accurate. You also could possibly get the e-book of Essentials of Correctional Nursing from the publisher to make you far more enjoy free time.

Paul Simpson:

Reading can called thoughts hangout, why? Because if you are reading a book mainly book entitled Essentials of Correctional Nursing your head will drift away trough every dimension, wandering in most aspect that maybe unidentified for but surely might be your mind friends. Imaging every single word written in a book then become one web form conclusion and explanation that maybe you never get just before. The Essentials of Correctional Nursing giving you one more experience more than blown away your head but also giving you useful details for your better life in this particular era. So now let us present to you the relaxing pattern this is your body and mind is going to be pleased when you are finished reading through it, like winning a casino game. Do you want to try this extraordinary wasting spare time activity?

Sarah Heath:

This Essentials of Correctional Nursing is great reserve for you because the content which is full of information for you who have always deal with world and possess to make decision every minute. This kind of book reveal it details accurately using great arrange word or we can say no rambling sentences within it. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only provides straight forward sentences but tricky core information with beautiful delivering sentences. Having Essentials of Correctional Nursing in your hand like getting the world in your arm, info in it is not ridiculous 1. We can say that no publication that offer you world within ten or fifteen minute right but this guide already do that. So , this is certainly good reading book. Heya Mr. and Mrs. hectic do you still doubt which?
