Editorial Review

Review

In total, I believe that Health Insurance is an outstanding first textbook in this subject area. This is undoubtedly true, as it represents what must be the best one-volume summary of empirical research on health insurance available anywhere. --Curtis Florence, PhD, Adjunct Associate Professor, Rollins School of Public Health, Emory University

About the Author

Michael A. Morrissey, PhD, is a professor in the department of health care organization and policy in the School of Public Health of the University of Alabama at Birmingham where he has taught courses on health insurance for more than 18 years. He is the director of the UAB Lister Hill Center for Health Policy and holds appointments in several other UAB departments and centers. He is the author of over 140 research papers, many dealing with employer-sponsored health insurance and with managed care. He is a fellow of the Employee Benefits Research Institute.

Users Review

From reader reviews:

Lisa Marsh:

Typically the book Health Insurance has a lot details on it. So when you read this book you can get a lot of profit. The book was written by the very famous author. Mcdougal makes some research ahead of write this book. That book very easy to read you can get the point easily after perusing this book.

Sarah McClain:

Why? Because this Health Insurance is an unordinary book that the inside of the book waiting for you to snap it but latter it will surprise you with the secret this inside. Reading this book beside it was fantastic author who also write the book in such awesome way makes the content interior easier to understand, entertaining way but still convey the meaning fully. So , it is good for you for not hesitating having this any more or you going to regret it. This amazing book will give you a lot of rewards than the other book possess such as help improving your skill and your critical thinking way. So , still want to postpone having that book? If I had been you I will go to the reserve store hurriedly.

Mary Craine:

Many people spending their time frame by playing outside together with friends, fun activity with family or just watching TV the whole day. You can have new activity to enjoy your whole day by examining a book. Ugh, you think reading a book can really hard because you have to take the book everywhere? It all right you can have the e-book, taking everywhere you want in your Smartphone. Like Health Insurance which is having the e-book version. So , why not try out this book? Let's find.

Harry Barnes:

Is it a person who having spare time after that spend it whole day simply by watching television programs or just laying on the bed? Do you need something new? This Health Insurance can be the answer, oh how comes? A book you know. You are thus out of date, spending your free time by reading in this completely new era is common not a geek activity. So what these textbooks have than the others?
