### Humanitarian Intervention: NOMOS XLVII (NOMOS - American Society for Political and Legal Philosophy) From Brand: NYU Press

Somalia, Haiti, Bosnia, and Kosovo. All are examples where humanitarian intervention has been called into action. This timely and important new volume explores the legal and moral issues which emerge when a state uses military force in order to protect innocent people from violence perpetrated or permitted by the government of that state. Humanitarian intervention can be seen as a moral duty to protect but it is also subject to misuse as a front for imperialism without regard to international law.

In *Humanitarian Intervention*, the contributors explore the many questions surrounding the issue. Is humanitarian intervention permitted by international law? If not, is it nevertheless morally permissible or morally required? Realistically, might not the main consequence of the humanitarian intervention principle be that powerful states will coerce weak ones for purposes of their own? The current debate is updated by two innovations in particular, the first being the shift of emphasis from the permissibility of intervening to the responsibility to intervene, and the second an emerging conviction that the response to humanitarian crises needs to be collective, coordinated, and preemptive. The authors shed light on the timely debate of when and how to intervene and when, if ever, not to.

Contributors: Carla Bagnoli, Joseph Boyle, Anthony Coates, Thomas Franck, Brian D. Lepard, Catherine Lu, Pratap Bhanu Mehta, Terry Nardin, Thomas Pogge, Melissa S. Williams, and Kok-Chor Tan.

## **Editorial Review**

### Review

"A brilliant and provocative book, admirably observant of historical detail and subtly attentive to cultural nuance. Quiroga shies away from easy generalizations and painstakingly, lovingly, reflects on a variety of Latin American and Latino queer manifestations, from literature to performance. This luminous critical exercise is matched by the author's no less dazzling prose. This book not only furthers queer studies in Latin America, it is, in itself, a beautiful performance that should not be missed."-Sylvia Molloy, Albert Schweitzer Professor of Humanities, New York University

"Incisive and witty, Quiroga's survey of the constructions of homosexuality in Latin America and the Latino U.S. includes brilliant readings of major literary figures--Villaurrutia, Pi-era, Cabrera--as well as pop culture icons, from La Lupe to Ricky Martin."-Daniel Balderston, Chair of Spanish and Portuguese, University of Iowa

"I've been waiting for this book, savoring its previews. Reading Quiroga's agile and powerful prose is itself one of the adventures offered here. His balancing act between deadly serious issues of identity and control and the fun and pride of maneuvering accentuates these spectacular accounts of lesbian and gay creativity in the dense social contexts of Latino lives."-Doris Sommer, Professor of Latin American Literature, Harvard University

"A vivid analysis of how many Latin Americans have crafted alternative modes of understanding sexuality." -"Hispanic American Historical Review",

### About the Author

**Terry Nardin** is Distinguished Professor of Political Science at the University of Wisconsin-Milwaukee and is the author of *Law, Morality, and the Relations of States* as well as editor of *The Ethics of War and Peace*.

**Melissa S. Williams** is Professor of Political Science at the University of Toronto. She is the author of *Voice, Trust, and Memory* and is the current editor of the NOMOS series.
